VISITOR FEES

One of the most perplexing problems in the camping industry today is visitors. Most campers fail to understand why a campground owner requires their visitors to pay a fee for entering and using the facilities. It is not that the campground owner doesn't want visitors, it is simply that the facilities can only handle so many people. Excess people cause strains on restrooms, pools, and other facilities. They cause extra utility expenses which have to be paid. Who's to pay for all this? You the camper? No, the user, the visitor. Please advise all visitors prior to arrival that they will be charged a fee for use of the facilities.

Thank you
